

Turnkey solutions
to pack tobacco
into pallet-sized containers

Flexible packaging for pallet containers

To meet the **product safety standards** it is important to invest in a **reliable and automated packaging solution**. Pattyn offers fully automated solutions for **tobacco** from case erecting to palletizing, ensuring efficient, reliable and ergonomic packaging.

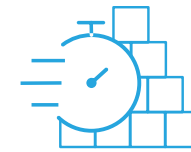

No more worries about capacity, accuracy or packaging quality.

Hygienic and contact-free handling

Perfect bag insertion for product protection

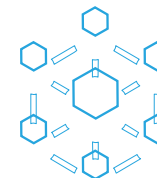

Scalable and high-autonomy solutions

50 years of experience in bag-in-box packaging

100% Pattyn-made

Interconnectivity for the future

Packaging according to your product

With over 70 years of know-how, we guarantee the best handling and packing of your tobacco into lined containers. We have a complete range of packaging solutions at your disposal. Our solutions offer remarkable flexibility, adapting easily to a **variety of box sizes**.

CE-21-XL

- Automatically erects **FEFCO type pallet-sized cases** from flat cartons.
- Robotic pick-up ensures precise and reliable case forming.
- Handles large and heavy boxes, including **telescopic** designs.
- Just-in-time box forming eliminates storage needs.
- Up to **90** cases/hour.

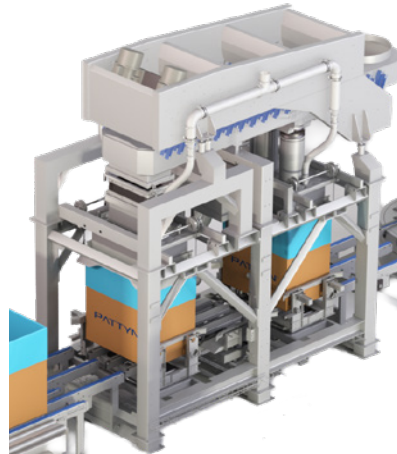

MAXIM-21-XL

- Automatically makes, cuts and inserts bags into **pallet containers**.
- Air plunger system ensures **perfect bag insertion**.
- **Reduced film usage** thanks to innovative spoon technology.
- Up to 1000 bags per reel for **higher autonomy**.
- Up to **3** cases/minute.

VWF-21-XL

- Automatic filling and weighing of cut rag, expanded or reconstituted tobacco.
- Multiple filling stations combine large capacity with high accuracy.
- Vacuum probe technology and "Flaps up" filling principle minimize product loss and dust emission.
- Vibratory conveyor with high frequency and small amplitude to create a gentle product treatment and optimal distribution.
- Up to **1** case/min and **6** tons/hour.

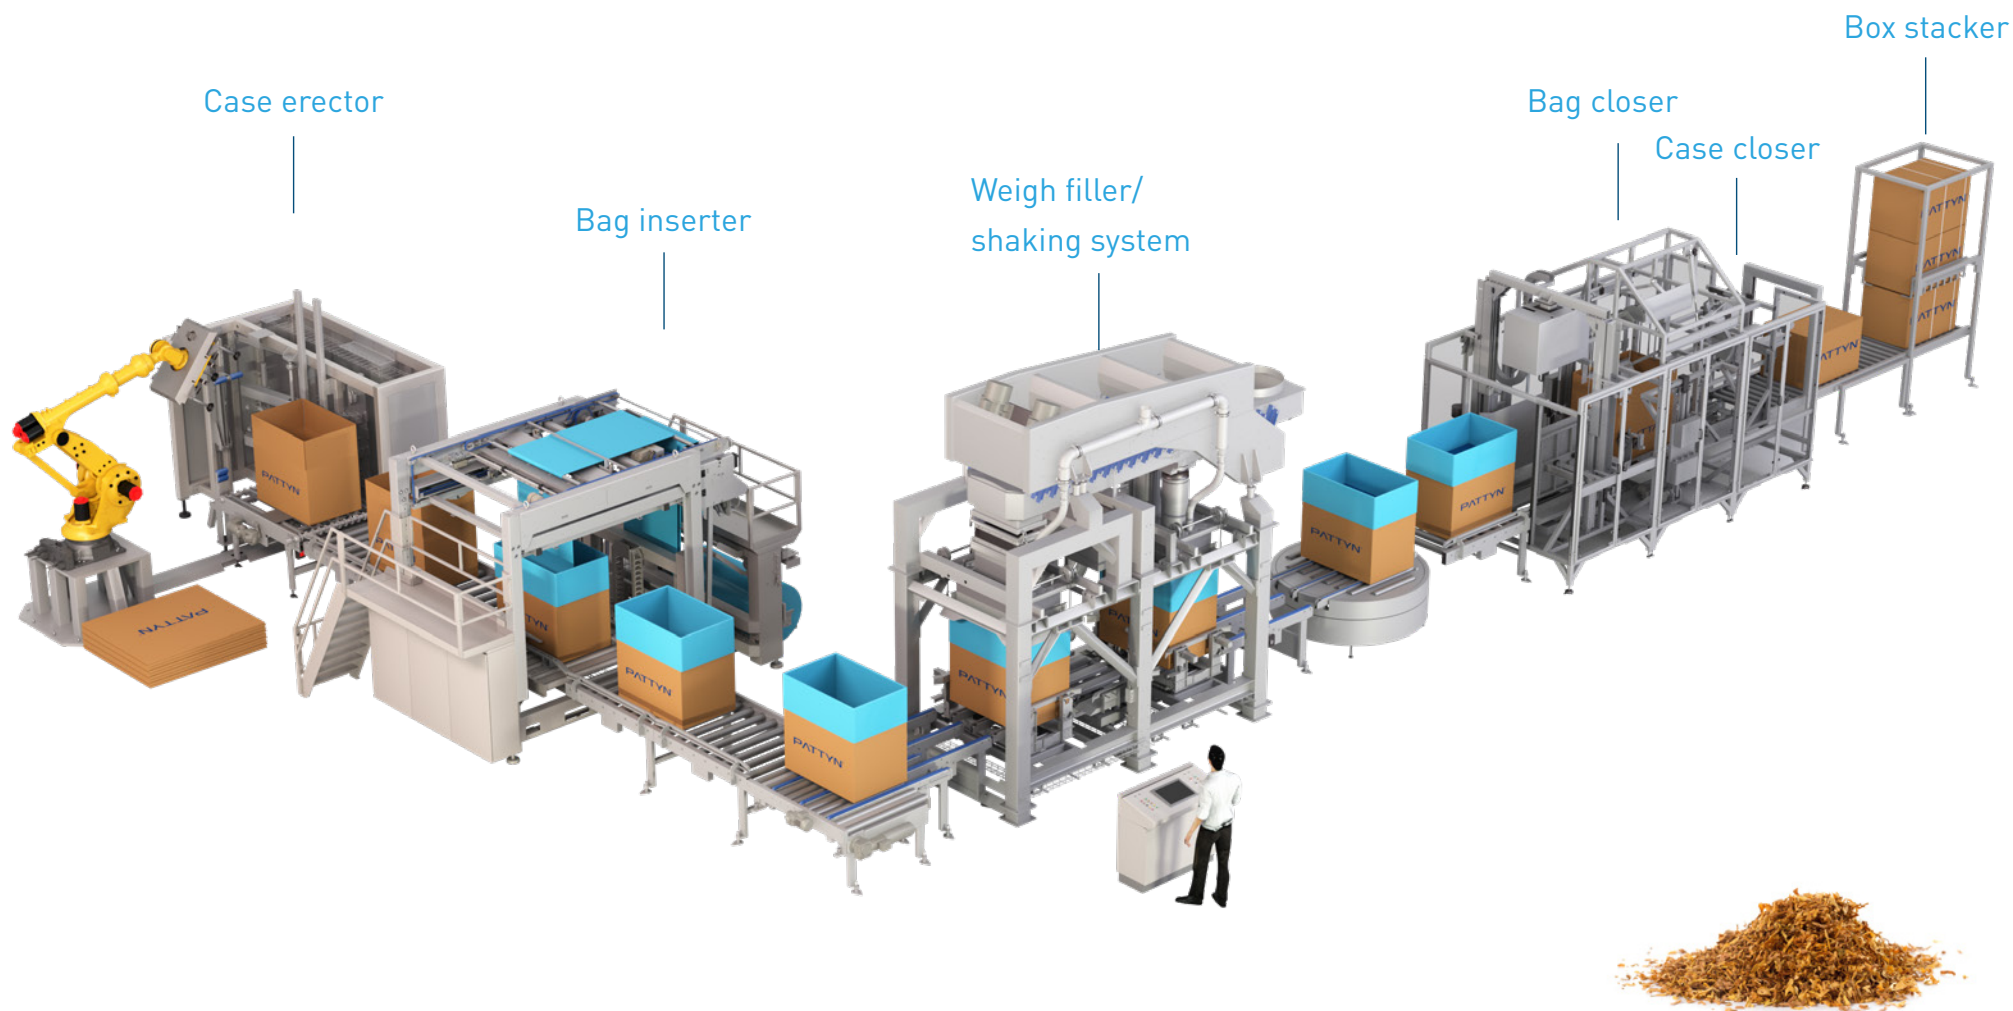

DF/DS-21-XL

- Automatically decuffs, regussets and folds or seals bags.
- Suitable for all pallet container types.
- Controlled handling ensures consistent bag closing.
- Folding prevents contamination, sealing ensures tamper-evident protection.
- Up to **90** cases/hour.

Tobacco packaging line

Join us for a worry-free journey

From initial discussion to long-term support, Pattyn guides your packaging project every step of the way.

Define needs

A deep understanding of your business, built on careful listening.

Propose solution

Drawing on broad packaging expertise, we deliver the best fit for your products.

Guide entire project

A dedicated project manager oversees your project from design to testing.

Lifetime support

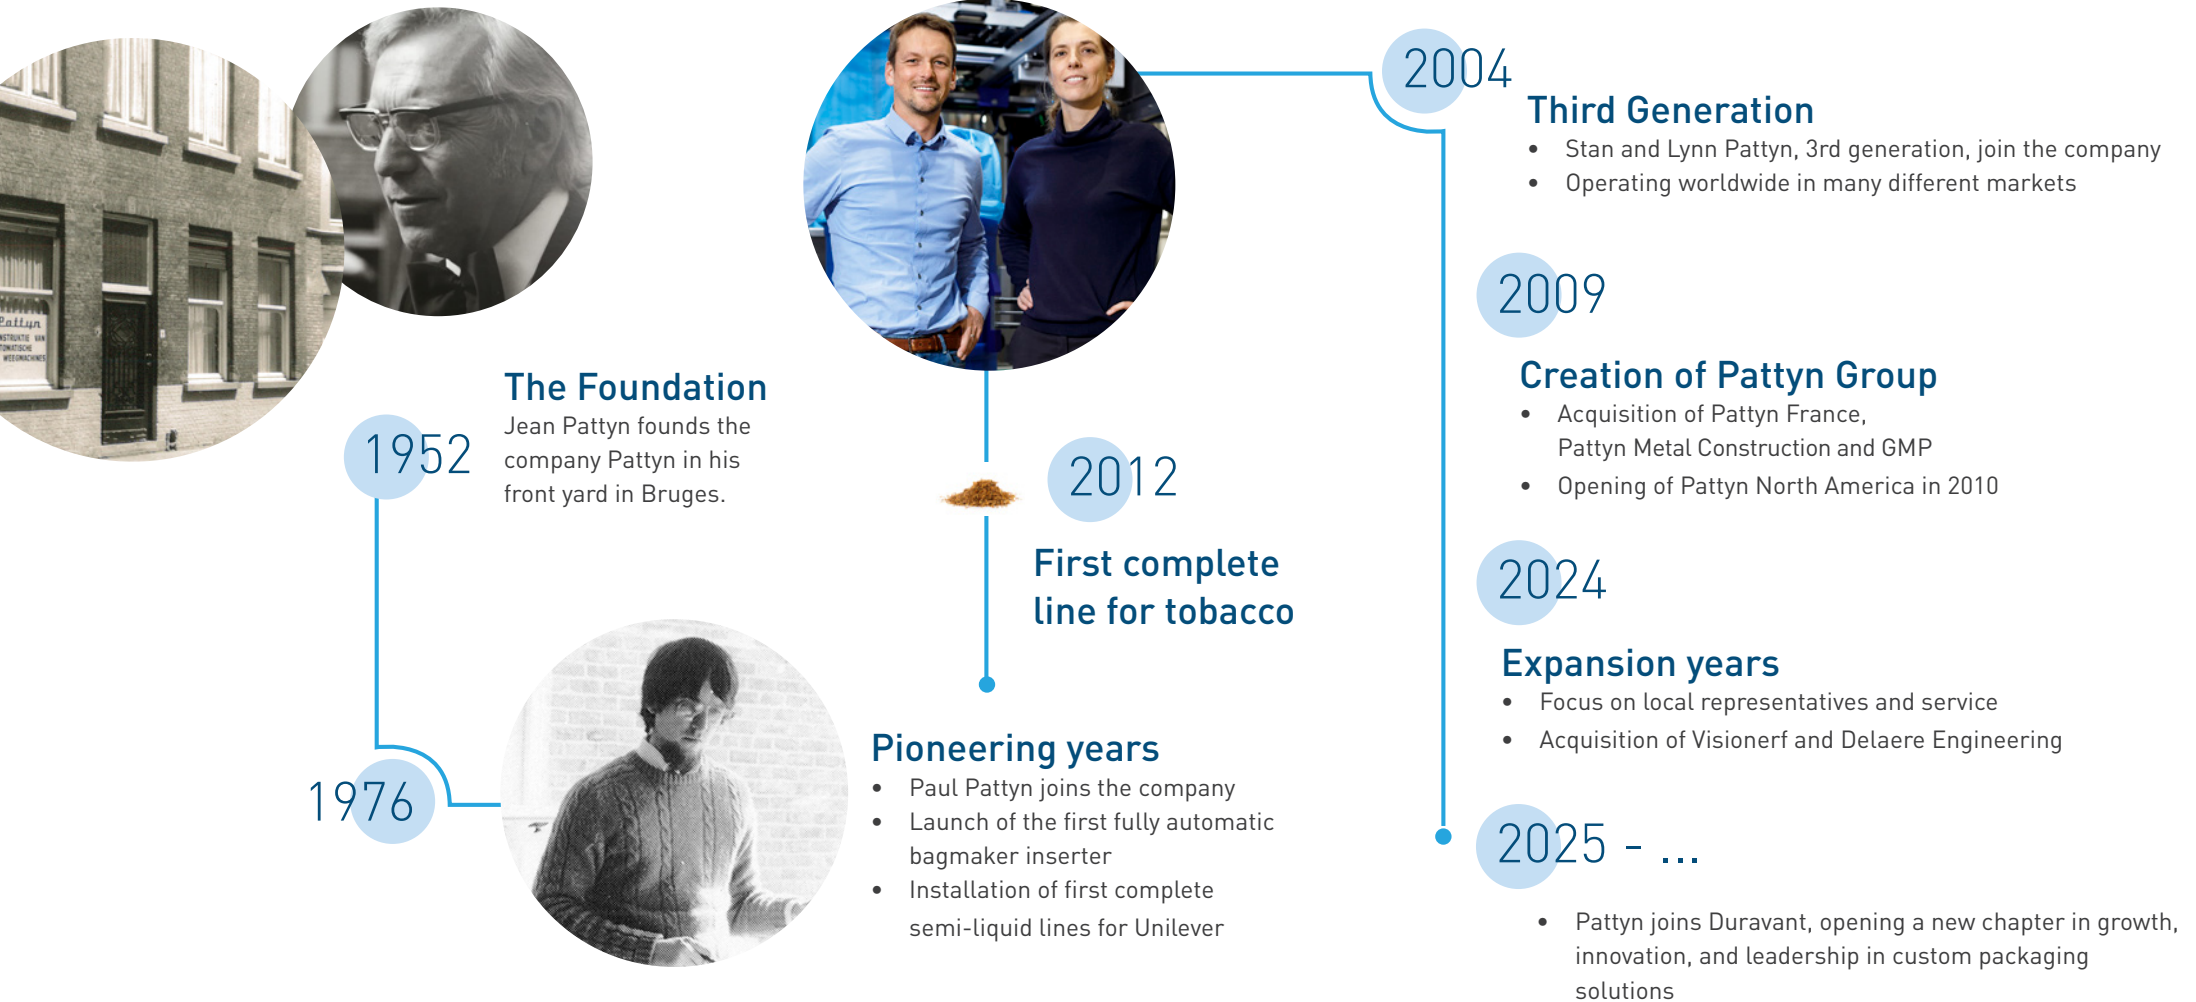

Ongoing after-sales service, expert advice and 24/7 access via Pattyn360.

Project start-up

Our service engineers install your line on site and train your team.
