

Turnkey solutions
to fill and pack dried fruits
into lined containers

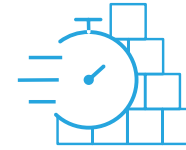

Increase your efficiency

To meet **food safety standards**, it is important to invest in a **reliable and automated packaging solution**. Pattyn offers fully automated solutions for dried fruits packaging, from case erecting to palletizing, all 100% developed in-house.

24/7 operation and no worries about product and packing quality.

Highest accuracy, from 5 to 25 kg.

Solution adapted to your product and capacity

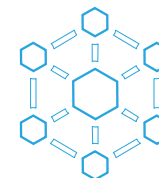

Gentle product treatment

50 years of experience in bag-in-box packaging

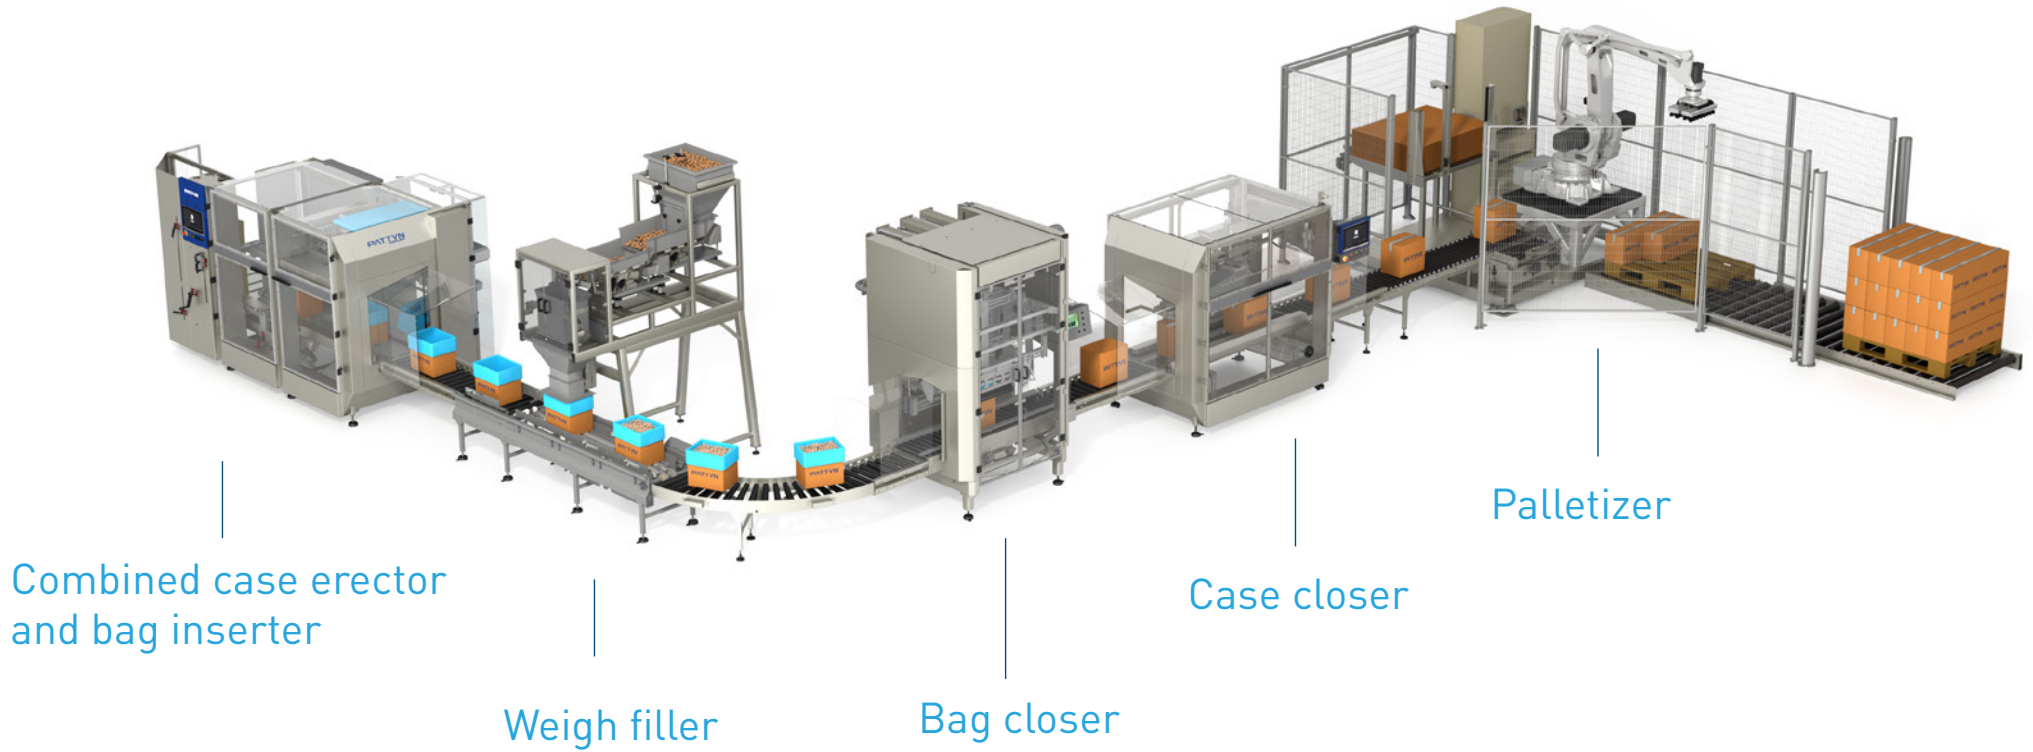

100% Pattyn-made

Interconnectivity for the future

Dried fruits packing line

Flexible solution

- From 2 to 15 cases per minute

Linear vibratory weighfiller: LVF-14

Ideal for small-sized products

- Different types of dried fruits
- Both sticky and non-sticky
- Dimple plate execution for sticky products

Adapted to your production speed

- One or two filling heads
- Up to 15 cases/min

Highest accuracy

- Filling in weigh hopper or directly in the box
- 5 mm amplitude of feed pan for last filling into the weigh hopper
- Coarse filling and fine filling

Easy to clean

- Hygienic design
- Weigh hopper with quick release reduces your cleaning time

Integration of OEM equipment

- Multihead
- X-Ray
