- **Accurate bag insertion:** Precision plunger.
- **Optimized for flat bags:** Stable seal performance.
- **Fast changeovers:** Double film feed.
- **Hygienic, robust design:** Easy cleaning.

ZIM-31

Bag Inserter

- **High-speed output:** Up to 14 cases per minute.
- **Compact footprint:** Minimal floor space required.
- **Continuous production:** Automatic film roll exchange.
- **Perfect bag opening:** Patented failsafe technology.
- **Easy operation:** Ergonomic loading and clear 15" HMI.

FLEXIM-41

Bag Inserter

- **Lowest packaging cost:** Up to 30% savings with made-to-measure bags from a reel.
- **High-speed output:** Up to 22 cases per minute.
- **Maximum reliability:** Patented bag opening and automatic format change.
- **High autonomy:** Up to 4,000 bags per reel.
- **Easy operation:** Intuitive 15" HMI.

DS-31-HE

Bag sealer

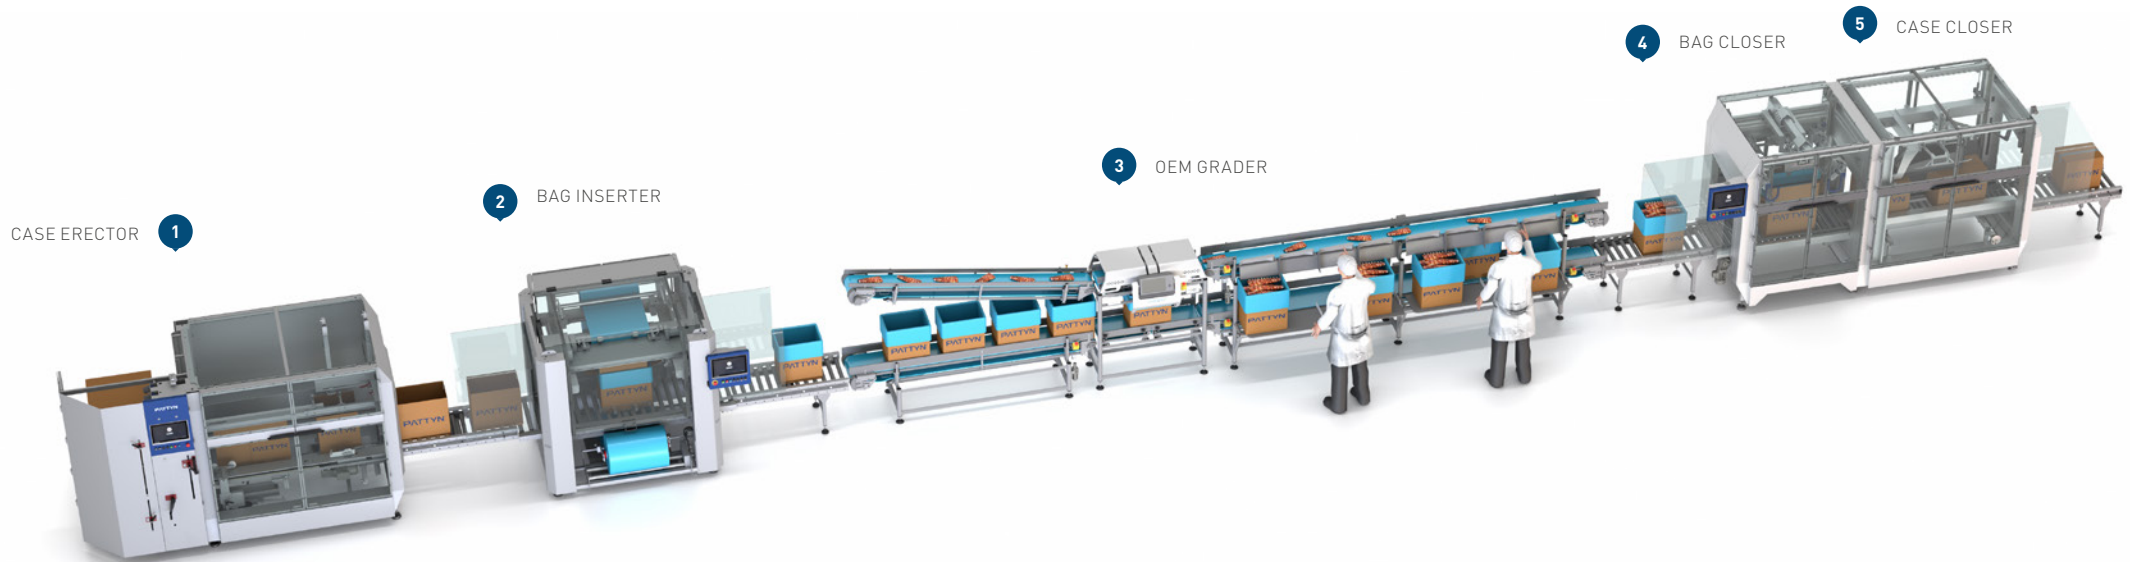

- **Hermetic sealing:** Maximum product protection.
- **Consistent seal quality:** Dual impulse seals.
- **Hygienic design:** Minimal moving parts.
- **Operator-independent changeover:** Automatic format change.
- **Easy cleaning:** Tool-free probe removal.

Meat & poultry packaging solution

Pattyn offers standalone machines and complete meat & poultry lines, from case erecting to case closing and palletising at high speed. We also integrate OEM grading systems for easy weighing and grading of meat and poultry products.

The automated and flexible packaging process enables increased productivity and easy switching from boxes to crates on a single line.

Join us for a worry-free journey
